This proves to be a significant guiding factor for concluding business and avoiding wastage of time and resources.

ABOUT US

OUR SERVICES

SHIP AGENCY

A ship agency is a specialized service in the maritime industry that facilitates the arrival, stay, and departure of ships in ports. Ship agents act as intermediaries between the ship's owner, charterer, or operator and the port authorities.

HUSBANDRY SERVICES

Husbandry services in the maritime industry refer to a range of services provided to ships and their crews while they are in port. These services are essential for ensuring the well-being of both the vessel and its crew during their stay in a Indian port.
